

Sydney Gliding Air Experience Flights

Hello from Sydney Gliding Club,

Thank you for purchasing one of our Air Experience Flights. We look forward to sharing with you the unique thrill of silent flight that only gliding can provide in our self launching glider.

Bookings:

To make a booking please call the Club on 0412 145 144. To avoid disappointment ensure that you book well in advance. We operate on weekends weather permitting.

On The Day:

It is essential that you call **0412 145 144** on the day of your booking at **9am** to confirm that the weather is suitable and that we are operating.

The duty instructor will then arrange a mutually convenient time taking into account the weather or if conditions are unsuitable rebook you for another day. Please allow some flexibility with your time, as exact time scheduling is difficult and minor delays can occur.

Weather:

Gliding is dependent on the weather and operations may be cancelled or curtailed if the conditions are unsuitable.

Venue & How to get there:

We operate from Camden Airport – approximately fifty kilometres south west of the city centre. The airport is on Macquarie Grove road Camden approximately 3 km from the town centre and the route to the airport is sign posted from most directions. Upon entering the airport follow the 'GLIDING' signs to the gliding runways and look for the Sydney Gliding mobile operations centre.

Duration:

Flight duration is determined by the prevailing weather conditions and launch height. Approximate duration for these experiences is 20-25min (3500ft) & 40-45min (Premium). However, due to the nature of gliding flight times can vary from flight to flight.

Guidelines:

There is a strict 100 kg weight limit and all passengers will be weighed prior to flying.

You must be over 18 years of age to do this activity. No prior experience is necessary. All passengers will be required to sign a waiver acknowledging they understand and accept the risks associated with gliding.

Numbers:

Your briefing and flight will be one-on-one with an instructor, however spectators are welcome and there will be club members and other passengers on the airfield at the same time particularly on days with good weather.

Dress code:

Gliding is an outdoor sport so dress to the prevailing conditions. Pants or shorts and a shirt or t-shirt and jumper are suitable along with sneakers or similar footwear. A hat, sunscreen and sunglasses are recommended.

Extra info:

Sydney Gliding is a small and friendly not for profit gliding club. All our aircraft are maintained to the highest standards and we pride ourselves on forty years of safe flying. Our pilots are fully qualified instructors or charter pilots and we are accredited with the Civil Aviation Safety Authority (CASA) and the Gliding Federation of Australia (GFA). Gliding, as with all forms of flying has inherent dangers and you will be required to sign a waiver prior to flying.
